Subject: **CALL FOR RESEARCH ARTICLES FOR PUBLICATION IN PAKISTAN JOURNAL OF GEOGRAPHY**

Dear Sir/Madam:

We are pleased to inform you that the next issue of Pakistan Journal of Geography (PIG) is going to be published soon. Research articles/papers in Geography and related subjects are, therefore, invited for publication in the said journal to reach the undersigned not later than 31.03.2007.

You are requested to consider the following format while sending research articles for the journal:

- \* Manuscripts should be typewritten on one side of 21x28-cm paper in double spacing.
- \* Two copies of manuscripts must be submitted, along with 2 or 3 copies of the file in Ms-Word on CD with a covering page starting in the title of the paper, full name(s), institution(s), along with mailing address.
- \* An abstract of about 150 words should be given in the beginning of the paper.
- \* Reference should be listed at the end of the paper without numbering, alphabetically and chronological by author giving complete unabbreviated source citation. Format, style and manner of referencing should be as follows:  
Khan, F.K. (1991) Urbanization in Pakistan. Pakistan Journal of Geography, Vol.1, No.1, pp.25-32.
- \* Footnotes should be numbered consecutively; Maps, diagrams, illustrations (figures) and tables should be supplied in triplet separately (including softcopies). They should be clear with strong black and white contrast, ready for reproduction. The figures and tables should be numbered properly in the text.
- \* Papers must not have been published previously.
- \* Cases relating to copy right of published materials would be wholly and solely responsibility of the authors themselves and Pakistan Journal of Geography would have no concern with such matter.
- \* Views expressed in this journal are only those of the authors and do not necessarily reflect those of Pakistan Journal of Geography or the Editor.

It is important to note that each paper will be reviewed by a suitable referee approved by the Editorial board. We hope that you will follow this format and cooperate with us by sending articles for publication in future.

Looking forward to your cooperation and encouragement in the subject case. Your suggestions, if any, will be highly appreciated for the improvement of the journal.

Thanks

Sincerely Yours,

(Prof. Dr. Amir Nawaz Khan)
